STATINTL

Dear Miss [redacted]

It has come to my attention that you, as a summer intern of this Agency, have, because of your race, been subjected to treatment I consider discriminatory in your efforts to acquire adequate and convenient housing for the summer months. This treatment, if not illegal, is certainly contrary to my personal principles and to the ethical standards I desire and expect from all of our employees. This Agency will not knowingly be party to such practices.

I have directed the appropriate officials of this Agency to render you every assistance possible to aid your efforts to find housing. Again, my apologies.

Sincerely,

/s/ George Bush
